Irvine, California – Alison Hyman Studio is excited to announce *Earth - Sea - Sky*, a solo exhibition of new mixed media paintings by Scottish-born, Coachella Valley-based artist Alison Hyman. The works on view include physical traces of Israel and the California desert, uniting both locales in harmonious color. Exhibition curator Peter Frank remarks that, with this body of work, “Alison Hyman has moved from depicting space to rendering it. Shape now blends with atmosphere. It is the classic modernist conception of the landscape, luminous and alluring.”

The exhibition will open on December 10, 2023 and remain on view through January 30, 2024 at the [Slutzky Art Gallery](#). The gallery is located at the Merage Jewish Community Center located at 1 Federation Way in Irvine, California. The opening celebration will take place on Sunday, December 10 from 2 to 4 pm with remarks from the artist at 3 pm. Admission to the gallery is always free and open to all.

Alison Hyman was born in Glasgow, Scotland, and graduated from Glasgow School of Art in 1976 with a degree in textile design and printmaking. She has taught art at the high school and college level. After immigrating to the USA in 1997, Alison earned her MFA in painting from Laguna College of Art and Design in 2011.
